- Gold Medal, 1st Position — Univ. of Karachi

PROFESSIONAL SUMMARY

Chief Financial Officer and ACCA-qualified finance leader with 15+ years building and scaling finance functions — financial controls, reporting automation and business intelligence — across IT, retail and healthcare. Pairs CFO-level strategy (P&L ownership, FP&A, governance and multi-entity compliance across UAE, BVI and India) with hands-on dashboards and forecasts that turn financial data into executive decisions. Partnered with the CEO to drive a loss-to-15% net-profit turnaround and delivered AED 2M+ in savings. Ranked among the Top 10 Women in Finance, UAE (2022).

PROFESSIONAL EXPERIENCE

Geeks Technology DMCC — Dubai, UAE

2017 – Present

Chief Financial Officer (promoted from Finance Manager)

- Partnered with the CEO to lead a financial turnaround, moving the company from **losses to 15% net profitability**.
- Direct an **AED 10M annual budget**; reduced operating expenses 10% and improved FP&A forecast accuracy 30%.
- Built integrated 5-year financial models (P&L, balance sheet, cash flow) to guide strategic planning and investment decisions.
- Built a full Power BI reporting suite — financial, customer-analytics (CAC, CLV) and team-performance dashboards — that cut the monthly reporting cycle from **15 days to 3 days** and gave leadership self-serve insight.
- Replicated a **\$300/month third-party analytics platform** in-house using Power BI, eliminating the subscription while deepening reporting and unit-economics visibility.
- Ensured **100% regulatory compliance** across DMCC, BVI and India entities; established India operations end-to-end (licensing, ISO, trademarks, visas, insurance).
- Implemented **ConnectWise PSA** across finance, procurement and audit, raising team efficiency **25%**; built audit dashboards that grew contract value 20%.
- Designed company-wide workflows, KPI and commission frameworks that standardized operations; led HR & Admin, authoring company policies and the HR manual.

Pan Emirates Home Furnishings — Sharjah, UAE

2012 – 2017

Management Accountant (2014 – 2017) · Internal Auditor (2012 – 2013)

- Built the company's MIS and management-reporting system from the ground up — Excel dashboards across sales, financial, HR and operational KPIs for management.
- Delivered **AED 2M in savings** via a cost-benefit analysis of outsourced logistics; recovered AED 0.2M through bank rate verification.
- Reduced fixed assets by **AED 4M** through register reconciliation and physical verification across showrooms and warehouses.

Saifee Hospital Trust — Karachi, Pakistan

2009 – 2011

Chief Accountant (promoted from Accountant)

- Co-implemented an Oracle-based hospital information system (HIMS) in a 24/7 environment, integrating operations into the accounting module.
- Established a structured collections process that improved cash flow; automated payroll, cutting processing time.
